

PredicineRNA™

88-Gene cfRNA Liquid Biopsy Assay

Transcription Insights Beyond ctDNA

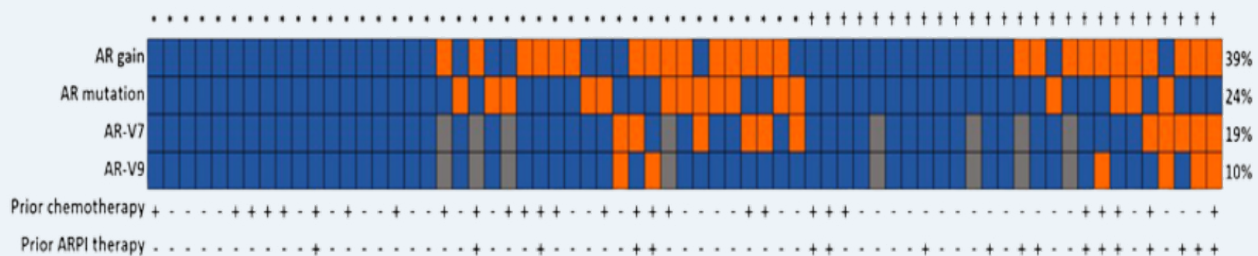

- ✓ Captures fusions, splicing, and RNA-level alterations
- ✓ Monitors transcriptional dynamics in real time
- ✓ Detects actionable mutations at the transcribed level

ctRNA outperforms ctDNA in detecting acquired resistance after ARi therapy.

Tang H, et al. AACR, 2025

AR-V7/V9 by cfRNA and AR gain/mutations by ctDNA for comprehensive resistance insight.

Fettke H et al. European Urology, 2020
